Astral Pumps

Sena - Self Priming

1800 Series - Single Voltage 115Volts

The 1800 series Sena pumps provide high flow performance for both the in-ground and above ground market. The pumps come pre-wired for 115 volt for easy plug in use. Units also features 1 1/2" PVC threaded unions for hoses adapters. Manufactured of high impact, heat resistant fiberglass filled polymers; this self-priming pump is very quiet and easy to service. The 1800 series Sena pumps are available in 3/4, 1, and 1.5 HP with single or dual speed 115 volt motors.

- Pre-wired with 3' cord for 115 volt easy plug installation.
- Glass reinforced body for long life and maximum durability.
- Strainer has clear lid with lock ring closure for easy access.
- Self-priming for In-ground or above ground pools.
- Easy service design gives access to all internal components.
- All Stainless nuts and bolts.
- Stainless steel motor shaft.
- 1 1/2" PVC threaded unions for easy installation and service.
- NORYL impeller.
- Motor Shroud and on/off switch on "SEC" models.

- COMPLETE
WITH 115 VOLT
CORD

- SELF PRIMING

Magnum Force

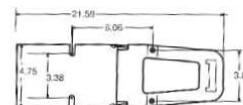

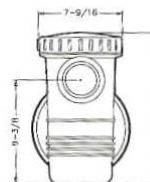

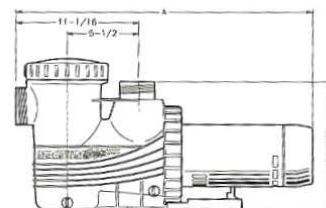

Features

- Patented air-cooled heat sink allows pump to run dry without damage to shaft seal. **UNCONDITIONAL TWO-YEAR WARRANTY AGAINST SEAL FAILURE.**
- Exclusive dual Ring-Lok™ design gives “tool free” access to strainer basket and pump internals.
- 208 cu. in. heavy-duty strainer basket with exclusive priming tube for superior priming capabilities.
 - Exclusive flap prevents debris in the pump strainer, skimmer basket and filter from flowing back into the pool. The flap also prevents residual hot water in the heater from flowing into filter and causing damage to grids, valves, gaskets, etc.
- Internal ribs in large strainer basket assure flow, even when filled with leaves and debris.
- One-piece case eliminates bolts and gaskets and provides for quiet operation.
- Flexible connections - 2" FNPT or 2" unions (included).
- Floating eye seal between closed impeller and diffuser maximizes efficiency.
- Maximum water temperature 104° F.
- Energy saver motors (1/2 hp - 3 hp) are standard on single speed units.

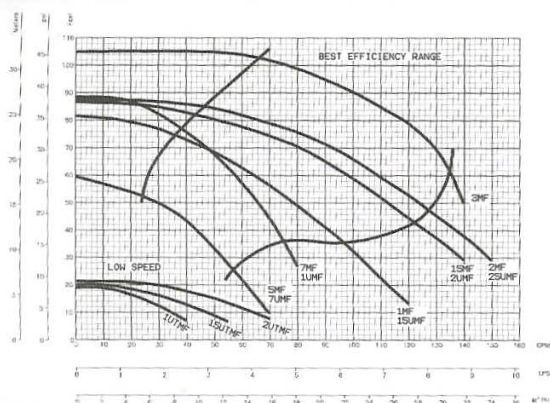

2" Unions included.

Waterway Pumps

Waterway takes pride in introducing its new flagship in-ground premium pump in a class of its own. The extraordinary quietness of the SVL56 moves us nearer to the goal of silent operation, and it provides by far the best vertical lift. A true 56 frame motor ensures long life and uninterrupted power. Attention to detail is evident in the design of this all-new pump. Designed for easy serviceability and installation, the pump accepts either 2" or 2 1/2" plumbing connections and features dual bearings for cooler operating temperature. This pump will provide years of trouble-free performance. Compare this special promotional price with that of "Northstar".

FEATURES

- Quiet operation.
- High efficiency.
- Self-priming.
- Best vertical lift at 24 ft.
- Easy to service.

- True 56 frame motor for cooler running and longer life.
- 2 1/2" union threads x 2" FPT with unions (included).
- Large trap basket with cam-lock lid.
- 60 Hz rating.

In-Ground D.E. Filters

Astral DE Filters

Clarity D.E. Filters

Our heavy duty filter tank is a unique combination of fiberglass lamination with a molded polyester resin, offering unsurpassed strength to resist high pressures and the rigors of infloor cleaning systems. The filter easily assembles/disassembles with a sturdy stainless steel band and sits atop a molded plastic base.

The internal manifold is injection molded ABS and features a curved grid design for maximum space efficiency. Filter connections are 2" standard to handle the modern pool's higher flow rates. Filters include air relief valve and pressure gauge. Filters available in 24, 36, 48 and 60 square foot filter area models.

- 16", 19", 22.5" and 25" models.
- **NEW!** Upper distribution system integrated into the dial valve and engineered to direct water evenly across the entire surface of the sand – up to 25 gpm/sq.ft. without sand migration or channeling.
- **Underdrain with side-slotted laterals** draws water evenly across the full diameter of the sand bed for higher flows, better filtration, longer cycles and more efficient backwashing. Features **heavy-duty, freeze resistant hub** and **easy service, snap-fit laterals**.
- **Deep, high-capacity sand bed** carries more debris and extends filter cycles.
- **Blow-molded tank** is corrosion-resistant, and UV-resistant.
- **Bottom drain** for winterizing and draining.
- **NEW! Non-Corrosive Resin Clamp** for simple installation and service of dial valve and filter components.
- **7-way Dial Valve** with sight glass, automatic air relief, and pressure gauge. The 7 functions include:

Filter Backwash Rinse Whirlpool Drain Test Winterize

SandStorm Filters

Features

- The SandStorm features a corrosion resistant and ultra violet resistant, precision molded one piece tank. The 26" (66 cm) SandStorm handles up to 75 GPM (17 m³/h); the 31" (78,7 cm) SandStorm handles up to 96 GPM (22 m³/h); the 36" (91,4 cm) SandStorm handles commercial flows up to 140 GPM (32 m³/h) and residential flows up to 175 GPM (40 m³/h).

- Spherical tank design for superior strength, longer life.
- Stainless steel clamp allows for 360° rotation of the dial valve for easy installation.
- 2" plumbing for less flow restriction.
- Sturdy injection molded base for secure tank support.
- 7-way dial valve controls filter, backwash, rinse, drain, whirlpool, winterize, and test operations. The 2" (51 mm) valve features large waterways for better flow.

- UniFlo underdrain with unique side-slotted laterals. TM31 and TM36 models feature exclusive snowflake lateral system which optimizes use of sand bed on larger filters.
- Easy service "Snap-Fit" laterals.
- Heavy-duty, freeze resistant hub.
- Water distribution system features unique diverter and basket to direct water evenly across the entire surface of the sand without sand migration or channeling.

Above Ground Sand Filter

Complete the sand filtration system with the high performance Waterway Hi-Flo Pump and accessories. The Sand filter and pump pack provides homeowners with everything they need

to get their system up and running. It assures them of matched components and optimal performance with years of dependable service.

FEATURES

- Large filtration sand filter with durable, high flow laterals.
- Top of the line Hi-Flo High Performance Pump
- Large 6" trap with clear lid.
- Union connection on multi-port for easy installation.
- A gate valve to isolate the system for maintenance.
- (2) 1 1/2" diameter hoses, with clamps.
- Filter and pump mounting bases and additional accessory base for chlorinator and timer.

Clearwater Cartridge Filters

Waterway

Large filtration, small footprint, and high flow; Clearwater Cartridge Filters incorporate wide-body filtration elements to give maximum filtration without sacrificing flow rate. Made of a durable glass-filled polymer, Clearwater cartridge filters provide years of trouble-free performance. Clearwater Cartridge Filters feature Waterway's Safety lock ring system to ensure safe operation and easy maintenance.

FEATURES

- Wide-body filtration system.
- Durable glass-filled polymer filter body.
- 10 year warranty on filter body.
- 1½" clean out drain on 1½" FPT – 2" on 2" FPT.
- Pressure gauge.
- Air relief plug.
- Automatic air bleed capability.
- Lid handle.
- 1½" FPT model has an internal check valve in outlet.

Clearwater

DE Filter II

Waterway

True spiral laminar flow in an above ground filter, spiral laminar flow ensures even distribution of DE for maximum filtration. The Clearwater DE filter features automatic regeneration. Waterway's Safety Lock Ring system for safe operation and maintenance, and a ten year warranty on its rugged glass-filled polymer body.

FEATURES:

- True Spiral Laminar flow for even disbursement of D.E.
- Automatic hydraulic regeneration
- High flow rate
- Modular grid system for easy maintenance
- 1 1/2" drain port on 1 1/2" FPT
- Flush-mounted pressure gauge
- Low-profile air relief plug
- Automatic air bleed capability
- Heavy-duty lid handle

600-1500	2 1/2" Hi Temp PVC Slide Valve- 2" reducers incl.	110.00
550-4280	Adapter fitting package	35.00
WVD001	2" Multi-port valve with union connections	200.00

Designed for today's most demanding installations, the Crystal Water D.E. Filter sets a new standard of performance and features for pool filters. The only D. E.

Filter on the market with 2 1/2" internal piping,

improves flow and reduces system noise when using 2 1/2", 2", or 1 1/2" plumbing.

From the lid with the "Multi-handle" design to the 2" bottom clean out port, the Crystal Water D.E. Filter will provide years of trouble-free operation and crystal clear, sparkling water.

FEATURES

- 2 1/2" internal piping.
- Accepts 2 1/2", 2" and 1 1/2" plumbing. (Fittings incl.)
- Fiberglass reinforced polypropylene body for superior strength.
- "Multi-Handle" design.
- Heavy-duty tamper-proof clamp.
- Industry proven D.E. grids.
- "Start-Service" dial on pressure relief gauge.
- 2" bottom clean-out port.
- 2 1/2" hi-temp PVC slide valve available.
- Convertible to cartridge by simply changing internals.

For replacement parts, see page 113.

Crystal Water Cartridge Filter					
Part No.	Description	Flow Rate	Pool Turnover 6-8 hours	WT. (lbs.)	Price
570-0325	325 Sq. Ft.	120 GPM	43,200 - 57,600	70	1,040.00
570-0425	425 Sq. Ft.	150 GPM	54,000 - 72,000	80	1,250.00
570-0525	525 Sq. Ft.	150 GPM	54,000 - 72,000	90	1,460.00

FEATURES

- 2 1/2" internal piping.
- Accepts 2 1/2", 2" and 1 1/2" plumbing. (Fittings incl.)
- Fiberglass reinforced polypropylene body for superior strength.
- "Multi-Handle" design.
- Heavy-duty tamper-proof clamp with removal tool.
- Industry proven cartridge elements.
- "Start-Service" dial on pressure relief gauge.
- 2" bottom clean-out port.
- Convertible to D.E. by simply changing internals.

Combining high technology features and an easy to service design, the Crystal Water Cartridge Filter is ideal for new and replacement installations. The only cartridge filter on the market with 2 1/2" internal piping, improves flow and reduces system noise when using 2 1/2", 2", or 1 1/2" plumbing. Using four cartridge elements, the Crystal Water Cartridge Filter offers a superior choice for easy maintenance and crystal clear, clean water.

Triton II®

Cristal-Flo™

Features

- Typical Installations - Inground pools and water features (including fish ponds and water gardens)
- Quality Construction - Durable one-piece extra-thick molded polyethylene tank
- Safe - Internal air relief hole allows air to automatically escape, preventing high pressure buildup
- 6-Position Valve - Allows you to perform all necessary water movement functions. A transparent sight-glass adapter is included
- More Choices - Both 20" and 24" available with multi-functional 6- Position Valves.
- Large Drain Plug - Large drain plug is easy to get at for removing and installing by hand or with tools if required
- Sleek Looks - Contemporary style with a textured black finish that provides superior performance in all weather conditions

Triton®II

Features

- Heavy-duty closure provides easy inspection, and features an easy-to-read pressure gauge with air relief valve
- Swing-away diffuser allows instant access to sand and all internal parts
- All internal parts are threaded for ease of service
- Internal air bleed
- Bulkhead connectors are threaded for easy installation and service
- Combination sand and water drain makes servicing and winterizing fast and easy
- Maximum Operating Pressure 50 psi
